Location: Citrus Park, FL

Victim(s): Jane Doe 19 (survived)

Attacker(s): Rashad Hales

Description: Hales, who was selling ADT security systems door-to-door, was told by Jane that her boyfriend handled those types of things and he was at a neighbors home. Hales left, but soon returned and told Jane that her boyfriend said it was ok for them to sign up for a new security system. Not believing Hales, Jane attempted to close the door, but Hales forced his way in. He bent her over a sink and threatened to pour bleach down her throat. He then held a knife to her throat and told her he would kill her, before beating and choking her. He strangled her with a cord, before telling her "Do what you do to your husband to satisfy him. And if I'm not satisfied, I'm going to kill you." He then raped her, before attempting to flee the scene. One of his coworkers that helped detain him, testified that he said "I raped her, and she liked it." He also told a deputy "I know what I did. I raped that white lady because I haven't gotten any in a while." He also said that his only regret was "not killing her."
