

Hello, welcome to TurtleClub's edu eBook.

1. First we are going to start off by going to this link:

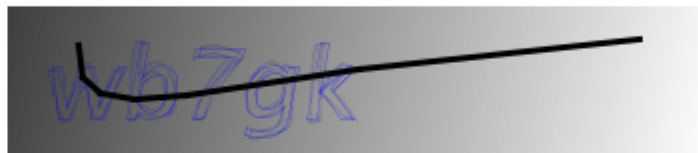

<https://apply.vccs.edu/oa/launch.action>

2. Enter the captcha and click New users.

Welcome to the Virginia Community College Online Admissions Site. If you are new to the site, click 'New Users' to create an account and get started. If you've been here before, click 'Returning Users' to log in.

3.

After entering the security code, click either the 'Returning Users' or 'New Users' button. Using the Enter key may result in a new security code.

<input type="button" value="Returning Users"/>	<input type="button" value="New Users"/>
--	--

Enter whatever name you want the email to be registered under, create a username and password and then click apply now.

4. Use fake name generator and be sure to set it to Virginia, save the profile and the SSN as you will need it later.

5. Set the date as date of birth to be around 20 years old. Save this information as well!

6. Set the college as Piedmont Virginia Community College, classes as non credit and for campus put Main Campus. Set the term as the latest one it shows and for the last one say no for previously attended.

7. Save and Continue, then go to address information.

8. Use the information from FNG (Fake Name Generator), enter a fake phone number and address. For current residence, use google. Google the name of the town and find the country pick the option on that list that is the closest. Do not use the same one every time.

9. Say yes you've lived in VA for the last 12 months and for email put something random. You can use FNG for that as well if you want.

10. Emergency contact information: Use false information, make up a number as well but MAKE SURE it is the same area code as the first number you used. Skip the rest and

continue. It will give you an error.

According to the United States Postal Service, the address you entered may be incomplete or incorrect. Please review the address and confirm it is correct. To proceed with the address as entered, click 'Save & Continue' at the bottom of this page.

Ignore it and hit save and continue again. Next page.

11. More personal information, say no for Hispanic or Latino. Put white. For gender, use whatever that seems fit with the name. US Citizenship status put native, primary language put English. Military status I've never served. Save and keep going.

12. Submit application, wait a few seconds. A screen will pop up saying congratulations! Hit continue , a screen will pop up with an sis id ignore it and keep going. Next page will have your SIS ID AGAIN, your username and student email. Save all of this as a PDF just to be safe.

13. Go to this page: <https://tcc.my.vccs.edu/jsp/login.jsp> and enter all the information you used before, this is why you needed to save all of it. Click search.

14. Now set a different password and security question. Save both of these somewhere.

15. Now go to this page:

<https://pv.my.vccs.edu/jsp/login.jsp#page=notices>

Log in using the username you got in step 12 and the password you just set. There will be a link that says gmail, click it.

Important note: If the gmail link doesn't show up give it up to a hour, if it still doesn't show up then you did something wrong. (Contact me on HF for support!)

After clicking the Gmail link, it'll direct you to google. Click I accept, and then your finished.

Thank you for purchasing my eBook! Enjoy your brand new edu email!
